¹ A “Material Business activity”, is an activity that has the potential, if disrupted, to have a significant impact on the Trustee’s business operations, its ability to manage risks effectively, the interests, or reasonable expectations, of beneficiaries or the financial position of the Trustee having regard to such factors as:

- (a) the financial and operational impact and impact on reputation of a failure of the service provider to perform over a given period of time;
- (b) the cost of the outsourcing arrangement as a share of total costs;
- (c) the degree of difficulty, including the time taken, in finding an alternate service provider or bringing the business activity in-house;
- (d) the ability of the Trustee to meet regulatory requirements if there are problems with the service provider;
- (e) potential losses to beneficiaries and other affected parties in the event of a service provider failure; and
- (f) affiliation or other relationship between the Trustee and the service provider.
